NATURAL ALTERNATIVES

Dietary Supplement
Ultimate Pleasure Stimulant*

FOR MEN AND WOMEN

THE PRODUCT

Natural Maximum Performance™ (NMP) for men and women is the ultimate, natural pleasure stimulant.*

Eruca sativa also known as rocket seed oil, is an herb native to western Asia and the Mediterranean region. Highly appreciated by the ancient Romans, it has been used for centuries and is well known for increasing sexual desire and improving sexual performance.* In fact, the Greek botanist Pedanius Dioscorides warned rocket seed oil stimulates lust.

Rocket is widely distributed all over the world and is usually consumed fresh (leaves or sprouts) for its typical spicy taste. It is mentioned in traditional pharmacopoeia and ancient literature for several therapeutic properties, and it does contain a number of health promoting agents including carotenoids, vitamin C, fibers, flavonoids, and glucosinolates.

Phytochemicals such as glucosinolates are nitrogen- and sulfur- containing plant natural products that have become increasingly important in human nutrition as precursors to detoxifying agents.

OTHER BENEFITS

Rocket seed oil is also rich in antioxidants and has numerous health properties and aids in protecting the body against free radical damage.*

- Supports liver function.*
- Promotes healthy hair.*
- Supports bronchial health.*
- Promotes proper digestion.*
- Maintains healthy blood.*

Unlike other chemical preparations, you will experience the many benefits of this ALL NATURAL product with no unpleasant side effects.

Normally, natural products slowly, but surely consistent use of NMP will enhance and speed up the results which may vary from person to person.

DIRECTIONS

Directions: Take one (1) to two (2) softgels two to three times daily after meals, or as recommended by your healthcare professional.

For best results take NMP with food rich in carbohydrates.

Caution: If you are taking anticoagulant drugs, use only under the supervision of your physician.
